ABOUT LEVEL THREE

Level Three Edutech is a dynamic educational institution that inspires students to discover their potential in leadership, scholarship, and service. With a focus on postgraduate education, Level Three fosters a nurturing environment that encourages students to grow both academically and personally. The institution is dedicated to creating opportunities for students to connect with their learning, explore new ideas, and engage in real-world applications.

Students at Level Three benefit from an active learning atmosphere where classroom lessons are integrated with practical experiences. The school is committed to supporting all students, regardless of their academic background, by offering a comprehensive training program and access to a highly qualified faculty. This empowers students to excel in their studies and prepares them for successful careers in global corporations.

The campus in Tripunithura, Cochin, offers a comfortable and vibrant space for learning. The modern facilities and central location ensure that students have access to everything they need to succeed. Level Three is known for its strong corporate ties, providing placement assistance that helps graduates secure positions in top companies around the world.

Level Three Edutech was founded by a team of finance professionals with a vision to offer world-class international finance qualifications. The institution's courses are recognized in over 130 countries, ensuring students receive a globally respected education. At Level Three, the emphasis is on cultivating strong work ethics and preparing students for leadership roles in multinational organizations.

WHAT IS CIA?

A PATHWAY TO GOLDEN OPPORTUNITY

Certified Internal Auditor (CIA) is a professional designation given to individuals who demonstrate expertise in internal auditing, risk management, and control processes within an organization. The CIA certification is awarded by the Institute of Internal Auditors (IIA), which is a global professional association for internal auditors.

To become a CIA, individuals must meet specific education and professional experience requirements, pass a series of exams, and adhere to the IIA's code of ethics and professional standards. The CIA designation is recognized globally as a mark of competence and credibility in the field of internal auditing.

The CIA program is the flagship offering of the IIA, which was established in 1941 and has grown to encompass over 200000 members in nearly 160 countries.

**BE A GLOBAL PROFESSIONAL
IN 1 YEAR**

ONLY 3 EXAMS
